2. The [redacted] training program was completed on 5 May and they departed by air on 6 May. This subject having been covered in every one of the recent Weekly Reports, there is little to be added by way of summary. As an added note, however, [redacted], case 25X1A9a officer, did stop to pay his respects and sincerely thank everyone who had a part in the program for their splendid cooperation and application. By the same token, I think it should be pointed out that Tom did an outstanding job in handling this group. He worked harder than anyone, he was easy to get along with and his demands on the staff were realistic and considerate.
